What animals think about

2

A photo story

Частное издательство «Золотое сечение» 2 0 17

Theme of animals' thoughts proved to be so great and interesting, that we decided to continue. Well, what do our brother animals think about in various places and situations?

"Have a good look at me. Never should you go to any beauty salon and...

...cosmetologists."

"Well, right, I am flying slightly slowly, but my landings come softly always!"

"So, where's a disco here?"

"I'll never get off here!"

"Yes, I might peep sometimes, but I will never overhear!"

"As I live, so I eat...

...although, there're some bright moments too."

"Oh! I'm sorry, but it's a forgery..."

"How many girlfriends have you got, you say? One? Huh! I've got nine!"

"Dear penguins, the agitation meeting is over. Now, please, proceed to the ballot boxes and give your vote for the President of Antarctica!"

"I am flying beautifully, am I?"

"Well, I'm sorry.
I was a donkey yesterday..."

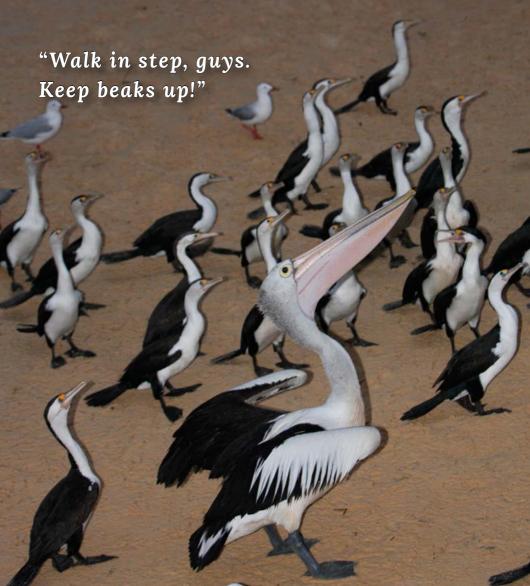

"Oh! You'd better not stay below me, lassie."

"Thanks mate! You are the first, who hasn't shuddered from me."

"You there, with the camera!
You'd better go off, just in case..."

"Well, friends, there're more newcomers, than ours at the beach here."

"Who"re you feeding?
That ain't his turn! O, golly!
The blonde can't count four..."

"Don't be scared, fellow!
I'll tell you a kind fairy tale."

"Excuse me, my shell's far from a sensitive body part.
Will you pet my fin, eh?"

"I won't go down, unless your mother leaves!"

"So many clever books and not a word about how I can get into the fridge."

"Eat it, human, don't be embarrassed!
I've got a lot of this."

"If only I could have a peek at kangaroos..."

Here the story ends.
Regards, your
Translator from birdy, fishy and animal languages.
